

AUT SOCIAL TRANSFORMATION RESEARCH INSTITUTE

Official Launch

Unemployment, the rising cost of living and poverty, have been prominent issues in the headlines for some time. In response, the current government has launched a social investment strategy.

Join us for the official launch of the AUT Social Transformation Research Institute where we'll bring together three experts to discuss their perspectives on social investment, and what is needed to effect change and create inclusive, sustainable communities. They'll also share their thoughts on how researchers, policy makers and community groups could work together to create sustainable futures.

SPEAKERS

Andrew Coster

Te Tumu Whakarae, Chief Executive and Secretary for Social Investment

Andrew is a strong advocate for data-based decision making and is passionate about making a difference for New Zealanders through public service.

Dave Letele

Founder of BBM Motivation Program

Dave is a community leader and founder of Buttabean Motivation (BBM), a social enterprise tackling health, food insecurity and poverty through grassroots programmes and partnerships.

Helen Robinson

Manutaki/Chief Executive Officer – Auckland City Mission Te Tāpui Atawhai

Helen leads over 300 staff delivering vital services in housing, food security, health and social support. With deep expertise in social transformation, she tackles poverty's root causes and drives systemic change.

Thursday 13 November

4pm–6pm

AUT City Campus –
room WA224, WA building,
55 Wellesley Street East
